

THE *Mark Twain* HOUSE & MUSEUM

BUZZ, BUZZ, BUZZ! You can find this beautiful wallpaper in the Mahogany Room in the Mark Twain House. This room would have been used by the Clemens' overnight guests. Designed by Candace Wheeler, "Honeybee" won First Prize from Warren, Fuller & Co. in an 1881 competition for the design of American art wallpaper. Would you have bees on your bedroom walls?

Be sure to share your finished page and tag The Mark Twain House & Museum on Facebook or Instagram.
